

The World's Fastest Electronics Manufacturer

Enabling Agile Hardware Development for Electrical Engineers

CAPABILITY STATEMENT | [TEMPOAUTOMATION.COM/CAPABILITIES](https://tempoautomation.com/capabilities)

Tempo Automation specializes in PCB assembly services and for customers across key industry verticals: Aerospace & Defense, Automotive & Transportation, Advanced Medical Tech Equipment, Test & Measurement, Networking and Telecom, and Large-cap tech companies building hardware.

Tempo Automation's purpose-built smart factory is automated for PCB assembly at high speed and with high quality, which enables quicker iterations and greater precision.

INDUSTRY CLASSIFICATIONS:

NAICS: 334418 – Printed Circuit Assembly Manufacturing

CAGE CODE: 7HDM1

ITAR CERTIFICATION: M37712

CERTIFICATIONS:

IPC-A-610/J-STD-0001

J-STD-001: Space and Military Addendum

ISO9001:2015

AS9100D

ISO13485:2016

ANSI 2020:2014

GENERAL INFORMATION:

REGISTERED COMPANY NAME: Tempo Automation Inc.

YEAR ESTABLISHED: 2013

STATE OF INCORPORATION: Delaware

NUMBER OF EMPLOYEES: 120

ADDRESS: 2460 Alameda Street San Francisco, CA 94103
